

## Unofficial European Cup in TrailO 2014

Rules for the unofficial European Cup in TrailO 2014

### Competitions

The following competitions are included in the unofficial European Cup in TrailO (ECTO) 2014. They are ordinary competitions that have been selected by the TOC to be included in the ECTO.

Date	Name / Country / Location	Discipline	Invitation/Homepage

11/5		PreO	
21/6	Lithuania, Ignalina	PreO	Will be published later
22/6		PreO	
28/6	Latvia	PreO	Will be published later
29/6		PreO	
21+24/7*)	Sweden, Skåne 2 stages of O-Ringen	PreO	Will be published later
		PreO	
20/9	Denmark, Nordic Match	PreO	Will be published later
21/9		PreO	
Mid Oct	Czech Rep.	PreO or TempO	Will be published later
		PreO	
*) 22-23/7 there will be an event adviser seminar/clinic.			

### Competition rules and guidelines

Since the ECTO consists of already existing competitions the organizing countries' own rules and guidelines may be used for their competitions. However, all deviations from the IOF rules and guidelines must be stated in the pre-race info, e.g. points for correct answer at timed control. Also, all information (invitation, pre-race info, etc.) must be available in English.

### Participation and entry

Since many countries only have a single class, only the open class will be included in the ECTO. There will be no limitation of how many competitors can enter from each country. If a country has domestic limitations for its own competitors these may still be enforced. Each competitor has to enter by their own, not via their federation.

## ECTO results calculation

To achieve fairness and since both PreO and TempO competitions are included a points system has to be used. Points will be awarded to each competitor according to their placement at each competition. The following points system will be used:

Place	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27
Points	50	42	36	31	27	24	22	21	20	19	17	16	15	14	13	12	11	10	9	8	7	6	5	4	3	2	1

For the final score of the ECTO the 5 best points from all competitions for each competitor will count. If two or more have the same final score the competitor with most 1<sup>st</sup> places will be ranked the highest. If still equal, the competitor with most 2<sup>nd</sup> places will be ranked the highest. This will go on with 3<sup>rd</sup> places, 4<sup>th</sup> places etc. until a tiebreaker has been found.
